Conservation Areas Supported

MANOTICK, MAY 20, 2004 —Kemptville Building Centre, a well-known local building supply centre in Kemptville, Ontario, has generously donated a supply of first-rate cedar lumber to the Rideau Valley Conservation Foundation. Plans are for the wood to be used to construct picnic tables and other wooden structures for Rideau Valley Conservation Authority's ten developed conservation areas.

If you and your family are looking for new interesting outdoor recreation for the family and you don't want to spend too much, you may want to visit one of the ten developed conservation areas in the Rideau watershed. They offer outdoor education programs, recreation, nature study and much more to residents and visitors of the area. Donations from local business such as the Kemptville Building Centre add to the beauty and enjoyment of these conservation areas. To learn more about conservation areas in the Rideau watershed visit www.rideauvalley.on.ca.

Kemptville Building Centre is a long-time, local business located in Kemptville, Ontario, approximately 40 km south of Ottawa. They offer customers home renovation, lumber, paint, power and hand tools, plumbing and electrical supplies and all manner of building materials.

The Rideau Valley Conservation Foundation sincerely thanks the owners and staff of the Kemptville Building Centre for their thoughtful and much appreciated gift.

The Rideau Valley Conservation Foundation is an environmental charity working to help protect and conserve the lands and waters of the valley of the Rideau River in Eastern Ontario.
